

## Innovation: TriLight®

### Light weight carrier luggage compartment

High stiffness

Low density = Low weight

Trim tailgate

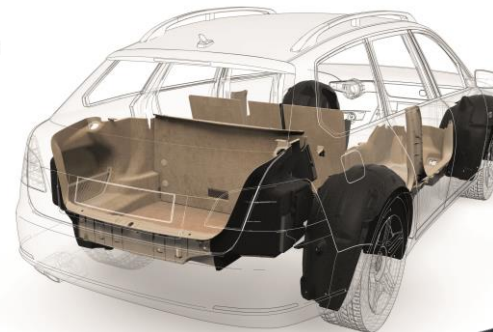

Door pocket inserts

Spare wheel cover

Side trim panel

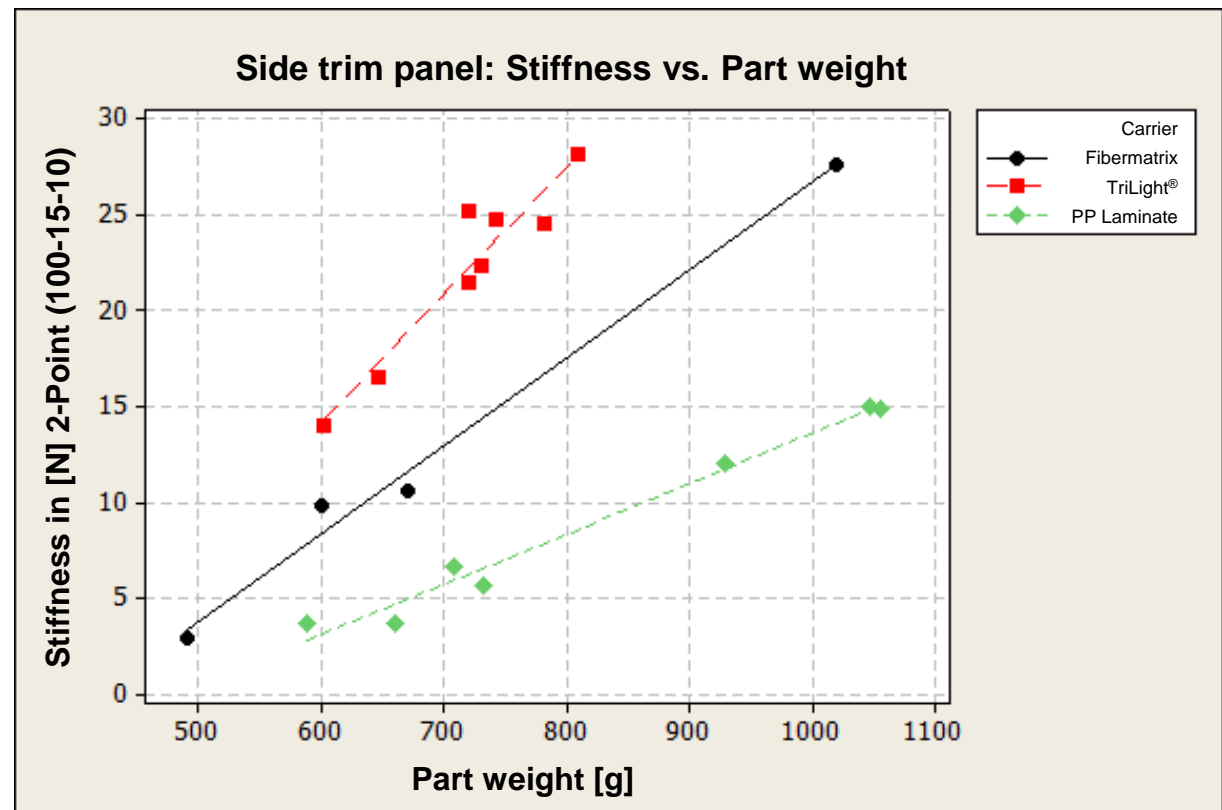

## Innovation: TriLight®

TriLight® = Foamed Polypropylen

### Product characteristics:

- light and/or stiff variabel usage
- high stiffness at low weight
- Weight reduction of approx. 25 – 30 % per part
- 3-D-Structures easily achievable
- 100 % according to technical requirements
